Vessel Support & Management

Ships Chandlers

Wire & Net Rigging

Caley Group provides invaluable management and financial resources for the development and continuity of the fishing fleet and offshore industry support vessels.

We work closely with skippers, vessel owners and agents, providing essential administration, accounting, fish selling and management services to enable the community to focus on the procurement of top quality, responsibly managed wild Scottish seafish and support vessel operations.

For a confidential, informal discussion on your needs please call Mark Dougal +44 (0)1779 473007

Our well-stocked chandleries supply many sectors across Scotland and the North East, from fishing and commercial vessels to leisure craft, from farmers to industry.

As well as good value in everyday items such as tools, hardware and clothing off-the-shelf, our knowledgeable staff provide specialist solutions including rigging.

Experienced local staff will help with dependable quality and value:-

Tommy Burgess at Fraserburgh
